

FORMULAIRE DE DESCRIPTION ET DE DEMANDE DE PUBLICATION DE PROFIL D'EXPERT INDIVIDUEL

Informations à publier sur le site d'Expertise France :

Position Deputy Team Leader, international expert in French urban planning
(m/f)

Country or Region Manama, Bahrain

Duration 36 months (full-time) - Available: July 2015

Deadline for submission of CV May, 22nd, 2015

Project reference Bahrain-French Town Planning Initiative

Project description: The global objective of the mission is to identify and provide technical support the General Directorate of Urban Planning to:

- To improve the capabilities of the GDUP in producing and regularly reviewing clear comprehensive evidence based plans at national level, governorate level and local action level;
- To prepare the GDUP to take a leadership role in the implementation of the three planning levels ensuring consistency and harmony between the three tiers of plans;
- To prepare the GDUP to fulfill the role in the enforcement of the provisions of those plans and ensure that development control is a positive activity in the plan implementation proves and in the management of development.

Job description

The Deputy Team Leader will be responsible for assisting the Team Leader in the overall management of the project and the achievement of results. S/he will be responsible for coordinating in Manama key resources to achieve project objectives and for reporting on project progress. S/he will be permanently located in the beneficiary administration.

Qualifications and skills

We are looking for an expert who meets the following criteria:

- The candidate will have at least a Master's degree in urban planning and/or urban management, or relevant engineering, financial or economics degree;

- High level diplomatic skills and capacity to establish high level decision makers contacts;
- Ability both to work well across cultural boundaries;
- Strong management skills and experience;
- Ability to adopt a collaborative approach;
- Sound interpersonal and communication skills;
- Problem solving skills and ability to assure timely adaptive action;
- Full computer literacy;
- Fluency in written and spoken English/French is mandatory; fluency in Arabic will be a strong asset.

General and specific professional experience

- Around 7 years of professional experience on projects in urban planning and/or infrastructure development;
- Previous relevant experience related with the French public sector;
- Good command of local administration mechanisms, urban policies and processes, including institutional and legal aspects, particularly in an Arabic environment, will be an asset;
- International professional experience in project management will be a strong asset, preferably in the MENA region or GCC countries, and/or including at least two of the following: spatial/urban planning, urban informal settlement upgrading, transport, public private partnerships, urban conservation, water and sanitation and/or solid waste management;
- Fully proficiency in project management tools and techniques;
- Substantial experience of writing and producing project work programmes and reports.
